A Government of Tamil Nadu undertaking...

Easwari Startup Peravai - Tamil Nadu's Flagship Student Entrepreneurship summit Launched by the Honorable Higher Education Minister of Tamil Nadu *Thiru. P. Viswanathan*

ABOUT EASWARI ENGINEERING COLLEGE

Easwari Engineering College (Autonomous), a proud institution under the SRM Group of Institutions, Ramapuram, Chennai, was established in the academic year 1996 - 1997 with a vision to deliver quality technical education while fostering research, innovation, entrepreneurship, and global competence.Celebrating 30 years of academic excellence, the institution has grown into a top-ranked NIRF institution, offering 15 undergraduate and 7 postgraduate programs across diverse disciplines. With a strong emphasis on industry collaboration, innovation-driven learning, and startup culture, Easwari Engineering College continues to empower future engineers, entrepreneurs, and changemakers to create meaningful impact on society.

The Centres of Excellence at Easwari Engineering College bridge academia and industry by providing students with hands-on exposure to advanced technologies, research, and innovation. Among them, the flagship ABB Centre of Excellence, established in collaboration with ABB India, offers industry-focused training in industrial robotics, automation, and Industry 4.0 technologies through state-of-the-art facilities, equipping students with the practical skills required for the future of engineering and advanced manufacturing.

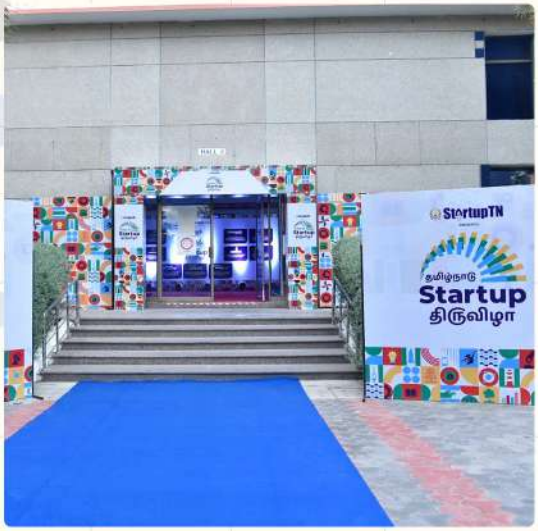

ABOUT STARTUPTN

StartupTN is the Government of Tamil Nadu's flagship initiative dedicated to fostering innovation and entrepreneurship across the state. By connecting students, startups, industry experts, investors, and mentors, StartupTN empowers aspiring entrepreneurs through incubation support, mentorship, funding opportunities, skill development programs, and innovation-driven events, helping transform ideas into successful ventures.

EEC x StartupTN

EEC × StartupTN fosters innovation and entrepreneurship through flagship initiatives like the **Naturals Beauty Tech Hackathon**, **Startup Mudhal Padi**, and the **Google AI Summit**. Together, these events empower students to innovate, collaborate, and transform ideas into real-world impact.

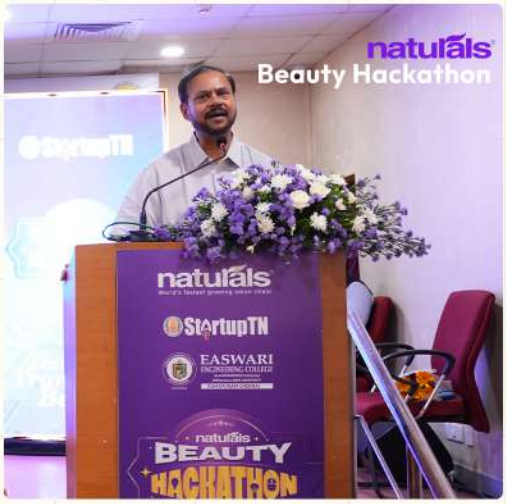

OUR PREVIOUS EVENTS

Startup Mudhal Padi was an idea-level startup competition conducted at SRM Easwari Engineering College, Chennai, with the objective of identifying and nurturing innovative business ideas from students. The event encouraged aspiring entrepreneurs to transform their ideas into viable startup ventures through mentorship, pitching, and expert evaluation.

The Google AI Summit hosted at SRM Easwari Engineering College, Chennai was a technology-focused event that introduced students, developers, and innovators to the latest advancements in Artificial Intelligence, Generative AI, and Google's AI ecosystem. The summit brought together industry experts,developers, startup enthusiasts, and students to explore how AI is transforming industries and creating new opportunities for innovation.

The Naturals Beauty Tech Hackathon 2026, conducted in collaboration with Naturals Salon & Spa and StartupTN, was India's first Beauty Tech Hack-athon, encouraging participants to leverage technology and AI to address challenges in the beauty and wellness industry.

STORY BEHIND PERAVAI

Peravai is Tamil Nadu's flagship student-driven startup and innovation summit, designed to connect ideas, entrepreneurs, investors, academia, and industry through one collaborative platform.

Every successful company begins with a single idea. Yet every year, thousands of innovative student projects never progress beyond the classroom not because they lack potential, but because they lack the right ecosystem.

Recognizing this gap, the students of Easwari Engineering College, inspired by the collaborative vision of StartupTN, envisioned Peravai to bridge the gap between innovation and opportunity.

With an Investment commitment of upto 1 CRORE, Peravai is built around the mission of strengthening Tamil Nadu's entrepreneurial ecosystem. It brings together students, startups, investors, mentors, incubators, corporate leaders, and academia to foster meaningful collaborations that transform ideas into scalable ventures. The summit also champions women entrepreneurship, creating an inclusive platform that provides various opportunities and empowers women founders, innovators, and future business leaders to connect, grow, and lead.

More than a startup summit, Peravai is a movement dedicated to promoting student entrepreneurship, supporting startup incubation, encouraging innovation-led development, strengthening academia-industry collaboration, advancing women-led innovation, and creating opportunities for mentorship, investment, and sustainable growth.

Our Collaborators

Chennai Unified Metropolitan Transport Authority (CUMTA)

CUMTA × Peravai | Innovation Partner

Partnering to host a 24-hour innovation hackathon where participants tackle real-time problem statements provided by CUMTA.

Nebula × Peravai | Pitch Show Partner

Partnering to host the Pitch Show, enabling startups to reach the right investors, opportunities, and destinations for growth.

NEBULA STARTUP SCHOOL

TNRISE
RURAL INCUBATOR AND START UP ENABLER
WOMEN START UP COUNCIL
